Description

Dodd chronicled Edwardian and inter-war British life and townscapes in watercolour and print. This atmospheric scene of pre-war London society promenading on a misty sunlit evening in Chelsea seems to perfectly capture a long-lost pre-war Edwardian world in post-impressionist or Camden Town colours and style. London.This is likely to be the work titled 'Stqamford Brook Green' exhibited at the New English Art Club in 1906 (no.9).
